

Featured Speaker David Daleiden:

Man behind undercover Planned Parenthood Videos

David has single handedly made a shocking blow to Planned Parenthood and the greater abortion industry. The dehumanization of the pre-born child through the barbaric selling of fetal remains for scientific research has shocked and sickened many hearts and minds. His work has also led to the defunding of Planned Parenthood in over 12 states, a full blown congressional investigation, with an additional 13 states being investigated.
